FLOOD WATER NOW RETIRING

CONDITIONS IN MOST PARTS OF COUNTY ARE BETTER.

RAILROADS IMPROVED

Wabash May Restore Through Service Tonight.—A House Washed Away Near Graham.

Although another rain last night was general over the county, flood conditions today were less serious in most sections.

The rain in Maryville totaled .55 inch, bringing the total for the first half of September to 15.61 inches.

The 102 river was back in its banks at 9 o'clock this morning. The water was at the fifteen-foot stage, having fallen six feet during the night.

The flood waters over the Burlington tracks south of Arkoe had receded about one foot during the night. However, the tracks are still submerged. A work train arrived from Creston last night and left construction material here. Work will be started immediately after the water has left the tracks, W. E. Goforth, local agent, said this morning.

Water In Rosendale Street.

It may be Sunday or Monday before train service can be resumed, Mr. Goforth believes. A work train started north out of St. Joseph this morning and only got as far as Rosendale, where, it is said, water is running through the main street of the town. The passenger train is still at Bolckow, unable to get out in either direction. The bridge near Pickering is said to be in danger following torrential rains in that vicinity.

Plenty of reconstruction material will be available as soon as the water is off the tracks, Mr. Goforth said.

Several rural mail carriers continue to have difficulty in making their deliveries, it was said at the post office this morning. Roy Wray, carrier on Route 3, east and north of Maryville; Burr Williams, on Route 4, south and west of here; Raymond Barry, carrier on Route 5, east and south; and Herman Barton on Route 7, west and south; are experiencing great difficulty, it was said.

Wabash Situation Improved

Traffic on the Wabash is a little improved today over yesterday and it was announced at noon there was a possibility that the night passenger train, No. 14, may go through from Stanberry to Chillicothe on its own tracks. However, this was not definitely settled at that time and if this train cannot go through, it will be routed from Conception Junction to St. Joseph and then on to Chillicothe.

Passenger train No. 12 this morning was only about twenty-five minutes late. It detoured at Conception Junction to St. Joseph and then to Chillicothe. No. 3 passenger this evening will probably be routed the same way.

Local freight trains Nos. 70 and 71 are running between Stanberry and Omaha.

A freight train this morning from Stanberry with a mail clerk in a box car, brought in a great deal of mail. Express was also carried on this train. The mail and express was loaded at Conception Junction.

Two Trains From East.

Last night, a stub train from Stanberry to Omaha passed through here at 8:44 o'clock. The regular No. 3 passenger came through at 11:26 last night, after detouring via St. Joseph. Train No. 14, from Omaha, passed through at 11:17.

The morning passenger train No. 11 was routed from Chillicothe over the Burlington via St. Joseph and then to Omaha on the Burlington.

A small bridge south of Conception Junction was reported out on the Great Western track but it was repaired in a short time. Reports at the Wabash station here say that one and a half miles of track were washed out at Evona. The river stage at Gallatin was reported at 31.3 feet and the Grand river was said to be rising one and half inches an hour. Water was running over the side track at Carlow.

The Wabash track from Stanberry to Council Bluffs is said to be in good condition except for some soft track due to the heavy rains.

Heaviest Rain Near Graham.

The heaviest rain last night was said to have been near Graham and between Skidmore and Maitland. The barn of Earl Brittell, eight miles southwest of Skidmore, was struck by

Democratic Meeting Delayed by Floods

Committee Unable to Get Here, Says Chairman.—Will Cut Delegation to St. Joseph Rally Also.

A meeting of the Democratic county committee scheduled for this afternoon was postponed on acount of the condition of the bridges over the county, Charles F. McCaffrey, chairman, announced this morning. No date was set for the next meeting. Mr. McCaffrey said many of the members could not get here for today's meeting.

The opening of the Democratic state campaign tomorrow afternoon at St. Joseph, when Harry B. Hawes, Democratic candidate for United States Senator, Senator James A. Reed and others will speak, will probably not be attended by many Democrats from this county because of irregular train service to St. Joseph and on account of the bad roads.

REPORT IS COMPLETED

WORK DONE BY HEALTH BUREAU DURING AUGUST NOTED.

DISEASED ARE FEW

Only Five Cases Of Reportable Contagious Diseases In County—Treat Two For Goiter.

Contagious diseases, which if not properly checked likely would result in epidemics, reported to the office of Dr. C. P. Fryer, county health agent, during August numbered only five, according to the monthly report of the health bureau completed this week. The small number of such diseases is especially desirable at this time because the chances of school children contracting such illness is minimized, it is pointed out.

Reportable diseases which appear on the August report include one case each of typhoid fever, diphtheria, and scarlet fever, and two cases of small pox. During July three cases of typhoid fever had been reported.

No anti-typhoid nor anti-smallpox administrations or vaccinations were given at the health offices last month although it had been necessary to give five anti-typhoid administrations and sixteen anti-smallpox vaccinations previous to that date. One laboratory examination for indications of diphtheria germs was made, however.

Treatments for goiter were given to two persons, bringing the total of such treatments administered at the health offices in Maryville this year to eight.

Nurses associated with Doctor Fryer's staff, made thirty-six visits to homes in the interest of health programs for children of school age. Adults visiting the offices in efforts to procure information and advice concerning hygiene numbered 250, the report made out this week disclosed.

More than 650 persons heard the four lectures given during the last month and 1,700 health bulletins were distributed. Five articles appeared in newspapers.

Sanitary inspections were made at five homes, and ten semi-public or public places. Ten toilets were converted into the sanitary type, six new sewer connections and six new water connections ordered installed.

Reports of Bridge Damage Keep Coming

Mowry Bridge, Near Pickering, and One Near Conception Said To Be Impassable.

More reports of bridges being out were received today at the county clerk's office. The Mowry bridge, located near Pickering, was said to be nearly out and in order to save it, it was necessary to give it attention at once.

A bridge located near Conception was reported to be impassable, as the east end of the bridge was taken out by the high water. Two or three other small bridges in Jefferson township were washed away by the high water.

W. W. Randall has a gang of men at the drainage ditch bridge near Barnard. This bridge has been threatening to go out several times. Judges Charles S. Armstrong and E. T. Bailey of the county court have been on the scene to assist in saving the bridge.

Yesterday persons on foot were allowed to go across the bridge at their own risk.

OVER 600 AT COLLEGE NOW

SCHOOL WORK IS NOW ON IN EARNEST.

MORE ARE EXPECTED

Total Enrollment Last Year 779 Students—Another Faculty Member Is Employed.

With several more than 600 students of collegiate and high school rank enrolled for the fall term at the State Teachers College, classes got under way this morning while a few students who were able to get to Maryville today occupied the old women's gymnasium in the process of matriculation.

About fifty students of those enrolled now are of high school rank, it was stated.

A survey of the total enrollment for the fall quarter at the institution for the last two years shows an optimistic outlook. Indications are that a number of students have not been able to get to Maryville because of bad roads and imperfect train service. The number of those yet to register is not known, but officials at the College are well satisfied with the showing thus far.

The total enrollment last year was 779 students. This included 620 students of College rank, seventy-three high school pupils, and eighty-six persons taking work exclusively in the Conservatory of Music.

The total enrollment for the year before was somewhat less than the above number. There were 723 students at the College. Of this number, 597 were of College rank, forty-one were in the high school department, and eighty-five were exclusively in the Conservatory.

No figures on music students are available, but enrollment is brisk and the total number is expected to be commensurate with that of last year.

With the appointment of a teacher today in the romance language department, the College faculty is now complete. C. C. Leeson, instructor in biological sciences, who recently returned to Maryville from the Mayo clinic in Rochester, met his classes this morning. Miss Violet Eastman, dramatics and public speaking teacher, arrived today from Creston, where she was held up yesterday by lack of train service.

The new romance language instructor is Miss Marguerite Fox of Greencastle, Ind. Miss Fox will teach advanced Spanish and will also have classes in French.

She is a graduate of DePauw University at Greencastle with the Bachelor of Arts degree. She is also a member of Phi Beta Kappa, national honorary scholastic fraternity. Miss Fox spent the school year of 1925-26 doing graduate work at the University of Bordeaux, France, where she received the certificate of proficiency in French studies.

She has had two years of teaching experience at Monmouth, Ill., from where she comes to the College highly recommended.

A new form of enrollment was carried on at the College this fall. The matriculation was systematized to a high degree, and better results than ever before were obtained. Those in charge say that the Freshman Day, held Tuesday, was a great factor in the successful registration of students.

Five Suits Filed in Circuit Court

One Asks Foreclosure And Receivership For Land In Northwest Part Of County.

Several suits were filed today in the circuit clerk's office. Nellie W. Woodbury, et al, is suing Joseph and Laura Norman to foreclose a deed of trust on land in the northwest part of the county, and also asks, during the pendency of the suit, that a receiver be appointed to take care of the land and the growing crops. An application for a receiver will be taken up before Judge John M. Dawson at Albany Saturday.

Tootle-Lacy National Bank of St. Joseph against W. W. Jones, et al, suit on note.

Tootle-Lacy National Bank of St. Joseph against Elmer Fraser, note.

Citizens State Bank of Bedford, Ia., vs. James E. Strickler, et al, two notes.

First National Bank of Scott City, Kan., vs Jesse Watt, et al, suit on a judgment.

Borah and Reed Are Satisfactory to Klan

Dr. W. H. Evans, Imperial Wizard, Endorses Senators For President —Predicts Smith's Defeat.

Washington, Sept. 16.—The names of Senator William E. Borah of Idaho and Senator James A. Reed of Missouri were proposed today as "available for the presidency" in 1928 by Dr. Hiram W. Evans, Imperial Wizard of the Ku Klux Klan, granting a political interview for the first time in the history of the Klan.

Evans endorsed both Reed and Borah as "first class upstanding Americans," whom the Klansmen would be glad to support.

He served notice too that the Klan would take an active part in all elections, particularly in the November Congressional election and two years hence in the presidential campaign.

As anticipated, Evans declared that Governor Al Smith of New York had no chance to win the presidency. The ruler of the Invisible Empire made it plain that Democratic Klansmen would desert their party and vote for the Republican presidential candidate.

SENIORS NAME ANNUAL STAFF

MISS EDWYNA FORSYTH WILL BE MARYVILLIAN EDITOR.

OTHERS ALSO ELECTED

George Walter Allen Selected as Assistant Editor of High School Year Book.

Miss Edwyna Forsyth, daughter of Mr. and Mrs. L. E. Forsyth was elected editor of the 1927 "Maryvillian," the annual publication of the Maryville High School, at a meeting of the beginning senior class. The election was held at a special conference of the class late yesterday afternoon. Four other places on the staff were filled and plans made the remainder to be chosen at another meeting of the class to be held later.

Other members of the staff elected are: Assistant editor, Walter Allen; business manager, Carl LeRoy Fisher; assistant business manager, Virginia Wright.

Miss Forsyth has been prominent in student activities of the high school from her freshmen days. She first attracted the attention of the student body by her oratorical work in the contest sponsored annually by a Kansas City newspaper. Speaking on the subject of the Constitution of the United States, she brought a number of honors to the local high school and its students. Debating interested her and she took part in that activity, winning more laurels for herself. She is now president of the local chapter of the National Forensic League. In student activity work Miss Forsyth has been prominent and has had membership in practically every club in which she was eligible.

K. C. Kan. Mayor Is Suspended by Court

Motion Made By Kansas Attorney-General Upheld—Charges of Mal-Administration Are Made.

Topeka, Kan., September 16.—Mayor W. W. Gordon of Kansas City, Kan., was ordered suspended pending action on an ouster proceeding against him by the Supreme Court of Kansas here today. The motion of suspension was made by Charles B. Griffith, attorney-general, who claimed that Gordon had been lax in his enforcement of the law in Kansas City.

The suspension and ouster proceedings are the result of an investigation which has been under way for the last several weeks into charges of alleged mal-administration of the city government and the corruption and extortion of the police department.

Fined $5 for Having No License Plates

Glenn Setzer, a traveling man, was fined $5 when he entered a plea of guilty to operating a motor vehicle without license plates before Judge J. H. Sayler, justice of peace, late yesterday afternoon. Setzer claims he had lost his plate. The fine and costs amounted to $17.55.

The condition of Cooper Gooden, who suffered a light stroke of paralysis yesterday afternoon, was about the same today.

WOULD STOP LAWLESSNESS

LEGISLATION DISCUSSED AT ST. LOUIS MEETING.

HAVE STATE PATROL

May Seek to Eliminate Office of Coroner, and Name Medical Examiner—Other Changes Outlined.

St. Louis, Sept. 16. — Discussion of proposed new legislation to curb crime in the legislative program of the Missouri Association for Criminal Justice was begun at the Chamber of Commerce office here today.

Judges, lawyers, legislators and others interested in the fight on crime came from all parts of the state to attend and aid in the formulation of the program. The legislative program is to be made up from the recommendations included in reports embodying the findings of the association's criminal survey, which was the first state-wide survey of its kind ever completed in the United States.

Two of the outstanding recommendations in the report are: Removal of the police departments in the large cities from state control, and the creation of a state constabulary similar to those in Pennsylvania, New York, Massachusetts and New Jersey.

Elimination of the office of coroner and the creation of the office of medical examiner to take the place of the coroner will also be recommended.

Those invited to participate in the discussions include Frank Duval, president of the prosecuting attorney's association, three representatives of the Missouri judiciary conference, eight members of the Missouri Bar Association's special committee on ways and means of curbing crime, eleven state Senators and thirteen members of the House of Representatives.

Motion in Murder Case Is Overruled

Bedford Judge Denies Irregularities In Grand Jury Indictments After Girl's Death.

Bedford, Ia., Sept. 16.—A defense motion to quash the indictment of Hal Howard and Terrance Luton, charged with first degree murder, was overruled this morning by Judge H. H. Carter, who took up and denied each of the defense objections separately.

The defense charged that there were irregularities in the election of jurors and in the certifying of the list by the board of supervisors to the auditor, that names had been put into the jury box by the auditor and that the initials of one grand juror were wrong.

Judge Carter's ruling covered some thirty-five pages.

Howard and Luton were indicted in connection with the death of Pansy Turnbull, 17, Diagonal, Ia., girl.

Luton, who is represented by the same attorney as Howard, yesterday withdrew his plea of not guilty to an indictment similar to the one against Howard. This was the third time that Luton's attorney has withdrawn his plea of not guilty. On both of the preceding times the plea was immediately re-entered, but no other plea was entered yesterday.

Noted Film Star to Marry Director

San Antonio, Tex., Sept. 16.—Clara Bow, screen flapper for whose love Robert Savage recently slashed his wrists and was forced to stand a sanity trial in Los Angeles, has announced her engagement to Victor Fleming, well-known director. Miss Bow said the wedding would not occur until she has finished making several more pictures. She plans to continue work after her marriage, she said. Both Fleming and Miss Bow are now making pictures here.

Section Laborer Is Hurt Near Hopkins

Bud Frederickson, a section laborer of Creston, Ia., was hurt yesterday morning when he fell from a car of the Burlington work train about three miles south of Hopkins. He was taken to the home of section foreman Hull at Pickering, where he was given medical attention and this morning was able to return to his home.

Frederickson was thrown from the train when it made a sudden stop. Several ribs were broken and he was otherwise injured.

Two-Thirds Rule Is Again in Limelight

Iowans, Conducting National Survey, Declare But Little Opposition Is Shown To Democratic Change.

Chicago, Sept. 16.—Abolition of the two-thirds rule in all future Democratic national conventions was predicted here today by Clyde L. Herring, Democratic national committeeman, and Mrs. Made O'Neil, Democratic national committeewoman of Iowa.

The forecast, according to the joint statement, is based on a national survey in which, it is declared, forty-eight out of fifty-seven national members who gave definite opinions, favor majority rule.

From this, the Iowans draw the conclusion that taking the state representative in Iowa as a basis, the two-thirds rule would have but 120 favorable votes out of 1,098.

Iowa conducted the survey, according to the statement, in accordance with the terms of the resolution adopted by the Democratic state committee of Iowa in January urging them to take whatever steps possible to secure the adoption of "the Thomas Jefferson beloved majority rule" for national conventions.

OPPOSITION TO TRIP GROWING

LEGIONNAIRES MAY CALL OFF PARIS VENTURE.

OFFICIALS OPPOSE IT

Doughboys Will Not Find Same Paree City As In 1917—Action At Philadelphia Convention.

Washington, Sept. 16.—The whole ambitious project of chartering a fleet of steamers and transporting the 1927 convention of the American Legion to Paris next summer is tottering.

Opposition to the Paris pilgrimage, which has been growing steadily since the boulevard crowds first began to hoot and attack American tourists, has now attained such proportions, it was learned today, that it is not unlikely the Legion itself will abandon the undertaking at its forthcoming Philadelphia meeting.

Several state organizations have already gone on record as opposing the trip. The Illinois and Iowa Legionnaires, by convention action, are the latest to grow cold on the project.

If the Legion does decide at Philadelphia to abandon the plan, the decision will meet with quiet if unofficial approval of the government officials. They have been contemplating the pilgrimage with some trepidations ever since it was first announced.

The picture of several thousand doughboys returning to a Paris that is totally unlike the Paris of their memories of 1917 is one that has given the diplomatic department of the government no little concern.

Czecho-Slovakia Given League Council Seat

Two Ballotts Required To Complete Seating—Germany Has Fear Of French Bloc.

Geneva, Sept. 16.—Following two ballots, the League of Nations assembly today elected nine nations to non-permanent seats in the League Council.

Eight nations were elected on the first ballot, but it took the second ballot to determine the ninth seat, which was virtually won by Czecho-Slovakia, with twenty-seven votes.

The election of Czecho-Slovakia brought gloom to the German delegation for they fear that it creates a French bloc in the Council, consisting of France, Poland, Roumania, and Czecho-Slovakia.

The occasion marked the first time Germany has cast a vote in the assembly since its election as a member of the League of Nations.

After dropping his ballot, foreign minister Stresemann, head of the German delegation, shook hands with tellers M. Ishii and Sciajolo.

Forty-nine nations participated in the voting. Some difficulty arose finding the occupant of the ninth available seat as the successful candidate was required to receive at least twenty-five votes.

DENY MUSSOLINI ASSASSINATED

Geneva, Sept. 16.—Rumors that Premier Mussolini has been assassinated were denied tonight by Count Sciajola, head of the Italian delegation to the League of Nations.

MIDDLE WEST FLOOD BOUND

TEN DEAD AND HEAVY PROPERTY LOSS REPORTED.

DANGER IS NOT OVER

Thousands of Acres Under Water and Many Persons Have Been Driven From Homes.

Under overcast skies which carried the menace of further deluges, the more serious flood since Civil War days was sweeping over ten Middle Western states today, carrying death, privation and destruction, with the mad onrush of seeking water, fed by rain-swollen streams and rivers.

Thousands of acres of land were under from one to twenty feet of water today and the estimate of property damage already entailed ranges about fifteen million dollars.

Hundreds of persons have been driven from their homes and many others are trapped on upper floors and face starvation.

Dams and levies throughout the district have crumbled before the current, flooding the lowlands which are protected.

In some sections, no mail deliveries have been made for more than a week and in many districts the only means of transportation is by boat. In the estimate of property damage already suffered, Illinois and Kansas lead with five million dollars each. Missouri has one and a half million dollars loss, Nebraska $750,000, Iowa $500,000; Wisconsin, $500,000; Michigan $750,000; Ohio, $500,000; South Dakota, $500,000, and Indiana, $250,000.

Incomplete reports from the flooded area indicated a total of ten dead, directly attributed to high waters. These were divided as follows: Illinois, five; Kansas, five; Missouri, three; Iowa and Nebraska, one each.

Additional deaths will be reported as soon as complete communication has been restored, it is believed.

St. Louis Takes 1st; Leading in 2nd

Cincinnati Wins From New York While Pittsburgh Drops Game to Brooklyn.

The St. Louis Cardinals won the first game of their double-header today with Philadelphia by a score of 23 to 3, and were leading in the first half of the eighth in their second game by a score of 10 to 1.

Cincinnati won from New York in their game by a score of 3 to 0, while Pittsburgh was defeated in their game with Brooklyn by a score of 2 to 1.

One big inning, the third, won the first game for the Cardinals, but they kept right on with their run getting. Twelve runs were scored in the joyous third session, four more in the fifth, four in the sixth and the final two in the ninth. The Cards had scored one in the first inning, before the big round came along.

Rhem started for the Cardinals, but with St. Louis ten runs to the good he was relieved by Herman Bell, and Bell allowed the Phillies only one hit in the five innings he toiled, that being a scratch in the ninth.

After the additional runs, Cardinal regulars were pulled out for a rest.

Doughit, lead-off man for the Cardinals, in seven times at bat, was walked four times, singled twice, and was thrown out once.

Philadelphia used practically its entire roster of pitchers in an effort to halt the Cardinal onslaught. Those who tried it were Knikht, Kelly, Baecht, Pierce, Jonnard, Nixen, Zombro, Taber, Dean and Henline.

The score follows:

St. Louis	1	0	12	0	4	4	0	0	2	—	23	22	0
Phila.	2	0	0	1	0	0	0	0	0	—	3	7	4

Mrs. Vern Wallace and son, Verne Morton, returned last night from a several weeks' visit with relatives in Oklahoma City, Okla., and points in Kansas. They were detained at Emporia, Kan., three days by the flood.

Weather

Unsettled with probable thunder showers tonight; temperature about the same.

Democratic Platform Hit by Sen. Williams

Flays Main Points in Opening Rally of G. O. P. Campaign.

Jefferson City, Sept. 16.—George H. Williams, United States senator, speaking yesterday at the opening of the Republican state campaign, discussed the "inconstancy of the Democrats" on the World Court question and branded the Democratic plank on agriculture as adopted here Tuesday night as a "mere wandering in the wilderness."

The senator departed from his set speech which contained but little mention of the Democratic platform as framed yesterday at the state convention. Mr. Williams assailed the attitude of the Democrats on the World Court question as shown by the state plank and gave explanation as to why the Republican platform contained no mention of the primary election scandals in Illinois and Pennsylvania.

The junior Missouri senator, after reading the Democratic plank which declared "no satisfactory advance has been made for world peace and that under the conditions we declare against the present entry into the World Court as proposed by the Coolidge resolution adopted by the United States senate, asked his audience.

"Do the Democrats of the state in that plank declare in the tones of Woodrow Wilson when he returned to this country with the Versailles treaty?

Concerning Farm Plank.

"Do they declare for the party platform of 1920 when their senior senator (James A. Reed) was denied a seat in the convention in San Francisco?

"My friends, you can draw your own conclusions."

Taking up the agricultural plank adopted by the Democrats Tuesday, the senator termed it a mere wandering in the wilderness, a suggestion that means nothing and a catch penny to catch votes.

Taking up the Illinois and Pennsylvania election scandals, the senator explained the party platform framed the disclosures because all the facts have not been developed as yet and the Republican party did not desire to put a half baked plank in its platform.

Judicial Question Involved.

"The facts are not yet in on these investigations," he said. "The question to be decided is a judicial one. Smith of Illinois and Vare of Pennsylvania are entitled to a full hearing on the question of whether they are entitled to a seat in congress and when the full facts are disclosed and if it is shown the electorate has been debauched, then I know that Missouri will not want its senator to say that those shown guilty are entitled to be seated."

The campaign was opened with a big rally in front of the capitol with party leaders and workers attending from all sections of the state.

Senator Williams and his associates spoke from a stand erected in the driveway in front of the capitol. Loud speakers carried their voices across the lawn and to the steps where the crowd was seated.

Flood Waters Now Retiring

(Continued from Page 1).

lightning and burned, and a tenant house on the Dave Gelvin farm, east of Maitland, was washed away. Neither Graham nor Maitland could be reached by telephone, and it could not be ascertained whether or not the tenant house was occupied.

At Skidmore the rainfall was about 1½ inches, while Maitland had 3½ inches, and in one section between the two towns it was declared that there was a 6-inch downpour.

About three miles southwest of Skidmore and again between Maitland and Mound City, about one-half mile of Burlington roadbed was washed out.

On the Gelvin farm two miles south of Maitland, the water has been standing for two days in the feedlot where Mr. Gelvin had more than 300 fat cattle.

Ten cars of feeder cattle which were bought on the Kansas City market for feeding near Skidmore were stranded by the flood. Part of them are held in Kansas City and part in St. Joseph.

At Skidmore, the Nodaway river was reported back in its banks this afternoon.

West Side Burlington Idle.

The Burlington line through the west part of the county remained out of service today. Washouts were reported on both sides of Burlington Junction and on both sides of Skidmore.

At Barnard the rain last night was said to have measured 1½ inches, and the 102 river rose to its highest point during the present high water. This morning, however, it was receding and was nearly back within its banks. At one time the water overflowing the new ditch reached nearly to the bridge spanning the old channel. Barnard residents said, however, that the water was not so high as in 1915.

The Platte river was reported rising at Guilford.

The People's Telephone Union continued to have trouble with several of its lines today. There was no connection between Maryville and Graham, Skidmore and Quitman. The Graham office could get Maryville but Maryville could not get Graham. The lines from Barnard to Guilford and Bolckow and from Burlington Junction to Tarkio also were out of service.

Three Inches At Guilford.

Guilford reported a three inch rain last night. The Great Western had difficulty at Guilford and one train early this morning was held at that town for five hours. The track is now open and trains are running a little behind schedule.

A good rain last night was reported from Pickering and as far north as Bedford, Ia. Bedford has no rail service, and many of the roads leading to town are under water or have bridges washed out.

The Willing Workers entertained their families with a picnic supper last Thrsday evening. Owing to the bad weather it was given in Exchange Hall instead of the park as was planned. A most delicious fried chicken supper was enjoyed by all, after which a splendid program was given by the children. Then a number of stunts prepared by the entertainment committee closed one of the most enjoyable evenings the Willing Workers have ever had. Every member and family was present.

The infant daughter of Mr. and Mrs. Earl Smith died Sunday morning after a short illness and was buried in the Rose Hill cemetery Monday afternoon.

Misses Elva Wilson, Eldora McMahon, Georgia Thompson, Leota Harris, Berneice Cox, Naomi and Eunice Miller, Kathleen Jones, Leo and Wilbur Cox, and Malcolm Barnes left Monday for Maryville where they will all enter the State Teachers College for this winter.

Mr. and Mrs. John Husemann of Humphrey, Nebr., came Monday for a visit with Mrs. Husemann's sisters, Mrs. Lizzie Klaas and Mrs. J. J. DeFreece and brother Frank Berg.

Mrs. M. E. Lansdale and daughter returned Monday from a week's visit with a sister in Kansas City.

Mrs. Lena Klaas of Conception Junction has been visiting relatives here this week.

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of *Doan's Pills*, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. *Ask your neighbor!*

Methodists Flock to Stanberry; Pickering Pastor Leads Chorus

By the Rev. J. Howard Thompson, Pastor of Burlington Junction M. E. Church.

Stanberry, Mo. Sept. 15.—The preliminary services for the 109th annual conference of the Methodist churches of Missouri began Tuesday night amid constant peals of thunder, the keen flash of lightning and a downpour of rainfall.

Dr. Emmett Robinson, the district superintendent of the Cameron district, within whose bounds the conference is held, presided. After an anthem or two by the large chorus, composed partly by local talent and partly by members of the conference, under the leadership of E. W. Croy, pastor of the M. E. Church in Pickering, L. K. Armentrout of Wyaconda, led in prayer. A. C. Harrison, a member of the local church and of the official board, and president of the commercial club of Stanberry, was introduced and gave the address of welcome.

Bishops F. D. Leete of Indianapolis, Ind., who is to preside during the sessions of the conference, and who was scheduled to give the response to the address of welcome, was unavoidably detained, and Dr. J. W. Anderson, of Keokuk, Ia., a retired member of the conference, and a former pastor of the local church substituted for him. He recalled the fact that the conference had been held in Stanberry thirty-one and a half years ago, and in that time the personnel of the conference had undergone an almost complete change, there being only a few men now in the active ranks, who were active then. Following this remarkable address, Dr. O. J. Corder, superintendent of the New Methodist Hospital in St. Joseph, was to have given an address in the interest of that institution but he also was detained on account of important business in St. Joseph, and Dr. John W. Bates, the field representative of the hospital, took his place. He gave an interesting and informal address of forty-five minutes concerning the work the institution is doing.

This address was followed by still another by Dr. W. F. Burris, who now holds the position of general superintendent of the home for the aged located in Marionville, Mo. For twenty minutes he told of the remarkable work that institution is doing for the aged of the church. The services closed at a late hour, and yet the large audience was interested throughout.

A large majority of the members of the conference is already here, many of them accompanied by their wives and the balance of the group are expected today.

A later article will deal with the organization and work of the conference.

HOPKINS HAS RABIES SCARE

HEALTH BOARD ORDERS ALL DOGS VACCINATED.

ONE CHILD IS BITTEN

Another Handles Own Pet After It Is Attacked by Crazed Animal. —First Dog Dies.

Hopkins has a mad dog scare and the board of health has ordered all dogs to be vaccinated, muzzled or confined to the premises of the owner.

According to the Hopkins Journal, a dog belonging to Charley Booze, after acting "queerly" for a week or more, finally developed a well defined case of hydrophobia and died from its effects, but not before the dog had bitten at least one person, Walter Yeomans, the small son of Mr. and Mrs. Fred Yeomans.

The dog also is known to have bitten a least one dog, that of Irvin Hanna. Margaret, the little daughter of Mr. and Mrs. Hanna, picked the dog up after it had been bitten, and because she had a cut on her hand at the time, it is feared she may have received some of the virus on the dog's body. For this reason, Margaret will be given the treatment necessary to insure against hydrophobia. The Yeomans boy also will be given the treatment.

Dr. C. W. Kirk expected the rabies vaccine on Tuesday night's train, but the train did not reach Hopkins on account of high waters. No alarm is occasioned by the delay in treatment, however, as from fifteen to sixty days is given as time enough for beginning. Fourteen treatments are given each patient.

The Hanna dog, bitten by the mad dog, will be killed, but there is no way of knowing how many dogs or stock were bitten, and the board of health urges that every precaution be taken.

The vaccination order of the board applies to country as well as to town dogs and will be enforced to the letter, it is announced.

Hunter, near Sunnybrook, Monday. Mr. Hunter sustained a dislocated right shoulder Monday afternoon when he fell in his garage. His condition is as favorable as could be expected at this time.

Raines Car Goes to Savannah and Back Yesterday

In spite of reports of wash-outs and curtailed train service between Maryville and St. Joseph, Uel W. Lamkin, president of the State Teachers College, and H. L. Raines, local jeweler, arrived in Maryville shortly after 8 o'clock last night.

Mr. Lamkin and Mr. Raines went from St. Joseph to Savannah by train, and were met in the latter city by L. M. Eek and William L. Mapel, who had driven the Raines car from Maryville.

The trip was made in a round-about way. Going west of Maryville to the O'Grady corner, Eek and Mapel went south several miles, detoured west around a wash-out, again went south through Sunnybrook and almost to Fillmore, and then caught the Bennett Lane Trail from the Fillmore road.

The trip to Savannah was slowed up by a car being caught in a hole in the road, but Mr. Raines drove from Savannah to Maryville in 2 hours and 20 minutes.

NOTED PASTOR FACES ARREST

MRS. McPHERSON MAY BE CHARGED WITH PERJURY.

PREPARING DEFENSE

Famous Woman Evangelist Asks Members of Congregation To Aid Her In Expected New Hearing.

Los Angeles, Sept. 16.—Aimee Sempel McPherson, the greatest living woman evangelist, expects to be arrested today.

The dynamic pastor of Angelus temple announced to her followers that she is prepared for arrest today on charges of conspiracy to manufacture perjured testimony. Consequently, Mrs. McPherson asked her congregation to send telegrams and special delivery letters to District Attorney Asa Keyes and the Los Angeles newspapers requesting a fair deal for the evangelist.

Keyes, it was confidently expressed today, will probably issue late this afternoon or tomorrow four or more criminal complaints charging subordination or perjury and conspiracy to committ perjury.

In the meantime, Mrs. McPherson, Mrs. Minnie Kennedy, her mother, and other prominent temple workers will probably appear at the Keyes office to respond to his summons to explain their side of the new developments.

The McPherson case was reopened as a result of statements by Mrs. Lorraine Wiseman-Seilaff of San Francisco and Miss Berniece Morris of Los Angeles that the noted pastor attempted to arrange with them for the production of masqueraders to substantiate her original story of her harrowing thirty-four-day captivity in a Mexican shack.

Many Fills Washed Out Near Hopkins

Geo. Ulmer, jr., a member of the Hopkins township board, reports some of the damage done by the big rain last night. Fills south and west of Ed Coleman's washed out, three fills swept away on the Henry Russell road; apron on Mowery bridge near the Wm. Walters farm, swept away; big fill west of Willis Oxley's gone; fill east of C. A. Alley's swept away; the Harris river bridge about gone and fills near the Leman Morehouse place and the Warren place washed away. He says work of repairing the damage done will be pushed as rapidly as possible and asks that all interested join in giving all assistance possible for the board will need it.—Hopkins Journal.

Peery Is Named on DeMolay Fund Body

Appointed Member of National Committee To Secure Million-Dollar Endowment For DeMolay Boys.

M. A. Peery has been appointed a member of the national committee to secure a DeMolay endowment fund of one million dollars. The money is to be used for education, welfare, scholarships and vocational guidance to DeMolay boys.

Mr. Peery is one of four men in Missouri appointed on the national committee.

It is hoped to secure at least $100 from friends and members of the local DeMolay chapter. There are 1,400 DeMolay chapters in the United States. If each subscribed $100, it would mean a total of $140,000. It is hoped to secure the remained of the million-dollar-fund from outside sources.

The national committee will make its campaign for this fund next month. The $100-quota here will probably be secured from members of the advisory council, friends of the order and perhaps from the DeMolays themselves.

The VANITY CASE

by Carolyn Wells

NEA FICTION

© 1926 by G.P. PUTNAM SONS

BEGIN HERE TODAY.

In Harbor Gardens, Long Island, in an elaborte bungalow, lived PERRY HEATH and his wife, MYRA.

At the time the story opens the Heaths were entertaining as house guests:

LAWRENCE INMAN, a distant relative of Myra's and, aside from Perry, the only heir to her considerable fortune, and

BUNNY MOORE, young, vivacious, golden-haired, an old friend of Myra's.

Myra Heath was a peculiar woman. She was cold, sarcastic. She did not love her husband, but seemed enamored of Inman. She never used cosmetics or dressed in colors. In fact, her hatred of color amounted to a passion. She collected rare old bottles and her latest was a whisky bottle which she was quite prond of but which aroused her artistic husband to scorn.

There is a growing intimacy between Perry Heath and Bunny. Myra, becoming provoked, declares that she has made her will in favor of Inman, cutting Perry off.

That night, after Bunny and Inman retire, Myra Heath alludes mysteriously to Perry's "secret." When Perry goes to bed, Inman comes down stairs, and he and Myra are discovered in each other's arms later by Perry.

The next morning, Mrs. Prentiss, who lives next door, was telling her nephew, Todhunter Buck, of some mysterious lights she had seen the night before in the Heath bungalow. While they are talking a loud scream from the Heath home interrupts their conversation.

That night Perry Heath, stealing downstairs, discovers his wife in Inman's arms and orders the latter out of the house by morning.

The next day the body of Myra Heath is found in the studio by a servant. A candle is burning at her head and feet, there is a big cut in her head and, strangest of all, her face is made up with cosmetics and she is dressed in outlandish colors.

HERRICK, the butler, after calling the doctor, steals some money from a drawer near the body and then discovers, at Myra's feet, a card marked, "The Work of Perry Heath."

The doctor, when he comes, finds that the death blow was struck with Myra's cherished whisky bottle. It is discovered then that Perry Heath is gone, his bed unslept in.

She has been killed by a blow with her cherished whisky bottle. When the coroner comes, Inman and Bunny are strangely nervous when made to answer questions. Meanwhile, at the Country Club the murder is the topic of conversation among SAM ANDERSON, AL CUNNINGHAM and others. MRS. PRENTISS, towing her nephew, TODHUNTER BUCK, goes over to the Heaths and invites Bunny to stay at her house next door. Bunny breaks out crying and Buck, at sight of her beauty, is her slave.

Mrs. Prentiss relates having seen mysterious lights appear and disappear, the night before, in the Heath home, and at the inquest testimony brings out the fact that Bunny Moore knew of the murder before the maid, who went to her room to inform her.

NOW GO ON WITH THE STORY

CHAPTER XII.

Quietly composed, Bunny gave the coroner her attention, though she was not asked to leave the chair where she was sitting.

"Why were you crying when Carter came to your room this morning?"

"I can not see any reason why I should tell you that, Doctor Osborne," the girl said, quietly, but with a stubborn note in her voice.

"Nor can I see any reason why you should not tell me," was the equally quiet return. "This is an occasion, Miss Moore, when seemingly intrusive questions must be asked and should be answered. Why do you object to telling the cause of your tears?"

"Only because I was crying about a private and personal sorrow, and I cannot see that it has anything to do with the inquiry you are conducting."

"Then you refuse to tell me the cause of your grief?"

"I certainly do. Anything I can tell you bearing on this—this tragedy, I will. But my own personal sorrows are not for public investigation.

Bunny's voice was so calm and her manner so dignified that it contrasted curiously with her pert little face and her smiling mouth.

The girl couldn't help smiling, and it was impossible for the coroner not to be in sympathy with her.

So he merely said, "Then when Carter told you of Mrs. Heath's death, that was the first you knew of it?"

"Of course," said Bunny, her blue eyes staring at him in amazement.

"Then what did you do?"

"I dressed at once and came down stairs."

"And went to the studio?"

"Yes."

"Who else was in the studio at that time?"

"Doctor Conklin, the family physician, went in just as I did. He began at once to examine the—the body, and I went out of the room."

"Miss Moore, have you any idea where Mr. Heath can be?"

"Not the slightest."

"When did you see him last?"

"Last evening, when I said good night to them all, and went up to my room."

"Who do you mean by them all?"

"Mr. and Mrs. Heath and Mr. Inman. When I went upstairs, they were all in the studio."

"You recognize the old bottle, which was obviously the fatal weapon, as one belonging to Mrs. Heath's collection?"

"Oh, yet. It was the latest one she had acquired, and she said it was a most valuable one."

"Was it a subject of discussion during the evening?"

"Why, yes, I think it was. Mr. and Mrs. Heath disagreed a bit as to its artistic value."

"Who held the bottle at the time of this discussion?"

"Why—I don't know. Yes, now I look back, I think Mrs. Heath was holding it. She was sort of polishing it with her handkerchief. She loved her old glass and would often rub up the pieces until they shone."

"I see. Then—be careful, please, this is important—you seem to have a mental picture of Mrs. Heath, polishing her cherished antique, with her handkerchief. What did she do with it then?"

"I'm sure I don't remember. I think she set it down on the table—but I don't recollect that definitely."

"Do you, Mr. Inman?"

"I have a vague notion that she did so, but I couldn't swear to it. How is this point important?"

"Because, Mr. Inman, finger print experts have examined the fragments of the broken glass bottle, and they have discovered that the only finger prints on the pieces are those of yourself and Miss Moore."

"That is not surprising," Larry said, without the quiver of an eyelash, "for both Miss Moore and myself held the bottle and examined it during the evening."

"But Mrs. Heath wiped the glass clear with her handkerchief. Did you two handle it again after that?"

"Why—I—we must have done so," Inman said, hesitantly, "else how could our finger prints get on the pieces? You are sure of your facts, I suppose?"

"Yes, Mr. Inman, we are positive. Now, to put the matter plainly, we are of course, searching for the hand that wielded that brutal weapon, and thereby ended the life of Mrs. Heath. We know that the prints of two people are in evidence on the glass, and no others. We hold that if the murdered grasped the bottle after your prints and Miss Moore's prints were on it, his own would have been superimposed also."

"I have been told that the modern criminal guards against finger prints and protects his hands with gloves or with a piece of fabric."

"You are right," the coroner looked at him gravely, "but if, in this case, the murderer had done so, even the gloves he wore, or the bit of cloth he used would have blurred and smeared the previous prints. On the contrary they are clear and plain."

"Then I can give you no explanation of these conditions. I, myself, left the room only a few minutes after Mrs. Moore's departure, and at that time Mr. Heath and his wife were there alone, and the old bottle stood on the table. As I said, if my finger prints were found on it, or Miss Moore's, they must have been put there earlier in the evening, and the murderer who took up the bottle later, failed to disturb them."

"You are a relative of Mrs. Heath's?"

"Our mothers were cousins. That is not a very close relationship, but Mrs. Heath had no nearer kin."

"And you are her heir?"

"She gave me to understand that."

"Then she was not devoted to her husband?"

"Oh, they were good pals," Larry shrugged his shoulders. "But they were so unlike and their tastes so uncongenial, that one could scarcely call them devoted."

"Was Mr. Heath jealous of you? Of your attentions to his wife?"

"Jealous is too strong a word. I think it piqued him to have his wife appear interested, even to a slight extent, in any other man."

"Dog in the manger type, then?"

"Exactly that. Perry Heath was proud of his wife, but he was irritated by her unwillingness to do as he wanted. Mrs. Heath was strong-willed, and Heath resented her independent attitude."

"Where do you think Perry Heath now is?"

"I have not the slightest idea, but the man is quite clever enough to hide himself where he will not be found."

"You think then, that he killed his wife?"

"What else can I think? I left the pair here alone. Next thing I hear of them, she is dead and he is missing. In default of other evidence what other theory is possible?"

"True enough, but how did the man get out?"

"Supposing some other murderer, how did he get in?"

"That is aside the issue. I hold that Perry Heath could not get out of this house last night, unless some one inside had let him out and locked the door after him."

"Of course that is so," Larry spoke thoughtfully. "But where does that lead us?"

"To the presumption that Heath did go away, on some legitimate errand. That Mrs. Heath let him out and locked the door after him. That later, some one entered the studio and in a sudden fit of angry passion brained Mrs. Heath with the murderous bottle."

"Then," and Larry smiled dryly, "how did that man get out?"

"He didn't," said the coroner.

"He is still in the house then?"

"Perhaps so."

"I will not pretend to misunderstand you, Doctor Osborn. You mean that the murderer was a regular inmate of this house, either family, guest or servant."

"You have stated the assumption accurately, Mr. Inman."

SCHEDULE IS COMPLETED

SPOOFHOUND FOOTBALL ELEVEN TO MEET STRONG TEAMS.

PLAYS CHILLICOTHE

Opening Game On October 1—Coach C. W. Croy And Hugh Graham Have Likely Material.

Football season so far as the Maryville High School is concerned, will open October 1, when the Spoofhounds will play their first game here on the College gridiron with Chillicothe, whom they defeated by four points last year. Seven other games are scheduled, with an open date appearing November 25. Four games will be played here and four are scheduled to be played out-of-town.

The schedule announced by Coach C. W. Croy will be as follows:

October 1—Chillicothe at Maryville.
October 8—Tarkio at Maryville.
October 15—Savannah at Savannah.
October 22—LaFayette, St. Joseph.
October 29—Trenton at Maryville.
November 5—Cameron at Cameron.
November 12—Albany at Albany.
November 19—Maysville at Maryville.
November 25—Open date.

Coach Croy, and his assistant, Hugh Graham, are not making any early forecasts on the probable outcome of games to be played this year.

Captain "Cutter" New and thirty-four candidates for the squad are going through some strenuous practice now, and individuals are beginning to stand out as likely material for the varsity team.

Last year, of eight games played, the Maryville team won six, receiving a total score of 144 and their opponents 61. Here is how the 1925 scores stood:

Maryville, 19—Albany, 0.
Maryville, 26—Tarkio, 6.
Maryville, 0—Maysville, 12.
Maryville, 39—Trenton, 6.
Maryville, 13—Cameron, 21.
Maryville, 7—LaFayette, 0.
Maryville, 14—Chillicothe, 10.
Maryville, 26—Excelsior Springs, 6.

Western Leaguers to Play at Hopkins

Hopkins will have a chance to see a league team in action Friday of next week, when the St. Joseph team of the Western circuit will play the Hopkins nine at Hopkins.

Hopkins will secure a pitcher of high caliber, those under consideration being Cleo Haines of Lenox, Ia.; Charley Wheatley, Kansas City; and Fay Lyle, St. Joseph.

Maryville Man Finds Body in Flooded House

D. K. Seckington Wades Through Water More Than Waist Deep In Albany Flood Zone.

Rescue work of a none too pleasant nature was done at Albany, Mo., Tuesday night by D. K. Seckington, of Maryville it was learned today. During the height of the storm Seckington waded for some distance through water more than waist deep to gain entrance to a house in order that the body of a man might be removed. Water was rising rapidly in the house and when the body was carried out by the Maryville man the current was becoming swifter, making wading difficult.

A house located near the river, just out of Albany, was swept downstream and lightning struck the Albany hotel where Judge John M. Dawson, Milton Garrett and Mr. Seckington were staying. No damage was done however.

A stub train on the Wabash left Stanberry last evening at 8 o'clock and carried a car load of cattle, a mail car and a way car. When the train reached Conception it was boarded by a number of passengers who had come to that place via the Chicago Great Western from St. Joseph.

Mrs. Hannah A. Caudle Dies at Hopkins Home

Succumbs This Morning Following Illness Of Paralysis And Heart Complications—Funeral Tomorrow.

Mrs. Hannah Albina Caudle, 79 years old, wife of Hiram Caudle, died at 8 o'clock this morning at her home in Hopkins following an illness of paralysis and heart complications. Mrs. Caudle had been failing in health for eight years. Funeral services will be held at 2 o'clock tomorrow afternoon at the M. E. Church in Hopkins, conducted by the Rev. W. C. Harper. Burial will be in the Allison cemetery, six miles east of Hopkins.

Mrs. Caudle was born Nov. 9, 1846 in Indiana, and had lived in the Hopkins community sixty-one years. Sixty years ago she married Mr. Caudle, who survives with six children. They are: Frank, of Twin Falls, Idaho; Fred, of Sheridan; Miss Stella and Harry, at home; Ed, of Fort Morgan, Colo.; and Robert, Burlington Junction. She also leaves one brother, George Keplinger of Blockton, Ia., and a sister, Mrs. Sadie Curry of Gaynor.

Frank P. Reuillard and Harvey L. Haines started to St. Joseph this morning in Mr. Reuillard's car and after making several detours on account of bridges being out, they finally got as far as Fillmore and returned back to Maryville. They report many bridges are out as well as some dangerous approaches.

Townsends Leave for Kentucky Horse Show

Mr. and Mrs. P. M. Townsend left last night for Louisville, Ky., where they will attend the horse show of the Kentucky state fair. From Louisville they will go to Nashville, where Mr. Townsend will be a judge in the horse show of the Tennessee state fair.

Hopkins Motorists Have Broken Arms

Automobiles which required cranking claimed two victims last week at Hopkins, according to the Journal. James N. George sustained a broken arm Saturday and Mrs. James Godsey suffered a similar injury earlier in the week.

NODAWAY COUNTY FARM NEWS

By BILLY TILSON.

Charles Nickols, southeast of Quitman, reports the approach to the bridge west of his farm washed out and several small culverts in that locality have been washed away.

The bridge, west of the county farm, near the W. H. Piveral farm, is reported in bad condition as part of the fill has been badly damaged.

The bridge on Florida creek at the Shawer farm, southeast of Quitman, was almost impassable yesterday morning but workmen put the bridge in shape for travel in a short time.

Farmers along Florida creek report it higher yesterday morning than in several years and a great amount of damage was done to the corn and grass and a large amount of the fences and water gaps washed away.

C. E. Moore, southwest of Maryville, had a load of hogs on the St. Joseph market Monday. They were of his own raising and Claude seemed satisfied with the price received.

Joe Carden and C. E. Owens with their families returned home yesterday from a five-weeks visit through the West. In talking to Mr. Carden, he says they went out on the Lincoln trail and came back by the Santa Fe trail. He said he didn't see corn enough in all his travel to feed through the winter the hogs that he and Clarence had on the farm while this county is now suffering from the winds and heavy rains it looks like the garden spot of the world as compared to the country traveled over.

E. E. Hackett, John Rhoads, Henry Staples and Bert Messbarger of the Burlington Junction neighborhood were transacting business in Maryville yesterday.

Clyde Linville, northeast of Graham, was a Maryville visitor yesterday. He reports some of the bridges in that community pretty badly damaged and it will take considerable work to get them in safe condition for traveling.

Sam Bays, northeast of Burlington Junction, lost 2 horses by lightning Wednesday. He was fortunate enough to be carrying insurance and his loss will not be so heavy.

The fill at the new bridge near the Bert Mitchell farm, northeast of Burlington Junction, was washed out by the heavy rain.

D. E. and Chas. Groves, Sam Hutchison and George Kime, north of Graham, were in the city yesterday. They say that the damage has not been as large as other parts of the county. The rains were very heavy but the corn was not blown and twisted as in some places.

Frank Orcutt and wife, Frank McCombs and wife returned yesterday from a ten days visit at Chaney, Kan., where they visited the family of Mr. and Mrs. H. A. Fisher. Mrs. Fisher is a daughter of Mr. and Mrs. Orcutt and a sister of Mrs. McCombs. They all report an enjoyable visit but when it comes to a place to live old Nodaway is plenty good for them.

Hopkins Woman Found Dead in Her Bed

Mrs. Tom Jersey Succumbs At Her Home East Of Hopkins—Had Been Ill For Some Time.

Mrs. Tom Jersey, for many years a resident of the Hopkins vicinity, was found dead in bed by Mr. Jersey yesterday morning at her home six miles east of Hopkins. She had been in poor health for a number of years.

She was about 65 years old. Besides her husband, she is survived by two daughters, Edith and Eva, both living in Colorado, and two brothers, John W. Lindsay of Faucett, Mo., and Harry, of Colorado.

Forensic Charter to Be Received Here Soon

The charter of the local chapter of the National Forensic League, recently organized in the Maryville High School, has been approved by the national headquarters according to a letter from the secretary of that organization. Each of the five members will receive copies of the League's constitution and will be awarded their degrees, according to their number of points earned by competing in public speaking contests against other schools.

The members approved are Edwyna Forsyth, Neva Wilkerson, Ralph Graves, Marvin Shamberger and Mildred Wiles.

Wilson Baby Dies; Mother Also Is Ill

Claude, jr., infant son of Mr. and Mrs. Claude Wilson, died about 2 o'clock this afternoon at the Wilson home on West Eleventh street of cholera infantum. The baby was about 16 months old and had been sick a week. No arrangements have been made for the funeral. Mrs. Wilson also is seriously ill.

NORTHEAST NODAWAY

Another heavy rain fell Tuesday evening and creeks are all out of banks. Farmers who have silos will not be able to get in the fields until too late to fill and corn is so badly blown down that it is impossible to cut corn with binders.

The following boys left Monday for Columbia, Mo., to attend the State University the coming year: Kary Dowis, Kyle Graham, Owen George, Irvin Stanley and Basil Churchill.

Mrs. Tony Stoner arrived Monday from Plainview, Tex., for a visit with Mrs. Amelia Stoner and other relatives.

Bedison

Effie Henderson, the teacher of the Bedison School, went to Maryville, Saturday morning on the local train, returning on the noon train.

C. C. Smith, who has been making his home with his daughter, Mrs. A. A. Schaefer, left for points in southern Missouri the latter part of last week and will likely spend some time there.

Herman Wilmes and family, who have recently returned from a motor trip which included a portion of Nebraska, found some pretty bad roads on their return trip. In places they drove through water up to the running boards on their car.

Miss Mary Snyder, who has been spending a week's vacation at the home of her parents, Mr. and Mrs. J. B. Snyder, returned to Red Oak, Ia., Sunday evening, accompanied by her father.

Miss Evelyn Logan, who went to St. Joseph last Saturday on an excursion returned to her home in Bedison Monday evening and was in school again Tuesday.

Robert Allen painted the teeterboard at the school house Saturday and the swing frames will be painted later.

E. M. Bryant fitted some shelves at the schoolhouse Saturday, for which we thank him.

There has been no Sunday School service at the Bedison Church the last two Sundays because of rains and bad roads.

A picnic had been planned for last Sunday by the pupils and teacher of the Sunday School class taught by Mrs. Lee Wynn, but it had to be postponed till later because of the rain Saturday night.

Mrs. E. M. Bryant was in the county-seat last Thursday.

A druggist read this note the other day: My baby has eat his father's parish plaster. Send an anecdote quick by the enclosed girl, also send a bottle of O Dick alone, as I am a little historical. —Toronto Telegram.

Dexter—A St. Louis shirt manufacturing concern has about completed preparations to locate a branch factory here. About 70 machines will be installed as a starter.

Closing Grain Review.

Chicago, Sept. 16.—Grain prices followed this morning's upturn to a close sharply higher than yesterday on the Chicago Board of Trade today. It was the most active session held on the Board of Trade in weeks.

Wheat closed 1⅜ to 1⅝ higher than yesterday's final quotation. It was an active, nervous market. The extreme top of the session—2¼ cents up—came shortly after the opening in a wild buying scramble. News of a 3-cent bulge at Winnipeg and continued unfavorable weather in the Canadian spring wheat country, caused the East to become a good buyer, although Northwest houses sold freely.

Corn advanced early on unfavorable weather news and short covering. The bearish factors, that farmers were selling old grain freely, were ignored. Futures closed 1 to 1½ cents higher while cash values were ½ to 1 cent up.

Oats came to life, staging a 2⅛ cent rally in September. Some of this was lost later. The close was ¾ to 1½ cents higher than yesterday.

Provisions were unchanged although cottonseed oil interests were free sellers of lard.

Where Did She Get That Graceful Figure?

You remember her of course—not so long ago she was a regular scarecrow—skinny is a mild word for the way she looked.

Just look at her now—if ever a woman had a perfect figure she has it—she is the envy of half the girls in town.

It's nothing to get excited about—all she did was to take on weight—filled out the hollows in face, neck and chest—any skinny weak, run down woman can do the same and gain a clean clear complexion at the same time. Just get 60 McCoy's Cod Liver Oil Compound Tablets for 60 cents at Gaugh & Evans or any druggist anywhere—Take 2 after each meal and two at bedtime and if any excessively thin woman, or man either for that matter, doesn't gain at least five pounds in 30 days! Why! Money back.

One very thin woman gained 10 pounds in 22 days. Ask for McCoy's.

Today's Offer--- Stomach Agony Goes

or Money Back, Says Koch Pharmacy

And still there are stubborn people right in this part of the country who won't accept this offer, but continue to suffer from gas on stomach, belching or sour food, stomach pains, foul breath, dizziness, biliousness and head aches, just because—just because—that's all, there's no other reason.

Dare's Mentha Pepsin will stop dyspeptic agony in five minutes; will conquer obstinate cases of indigestion, and turn the old stomach into a new one in a few weeks.

If you want quick and lasting relief get a bottle today. It is dispensed by Koch Pharmacy and druggists everywhere.—Adv.

Varicose Veins Reduced or Money Back, Say Druggists

Simple Home Treatment That Is Giving Amazing Results.

The world progresses. Today ailments that took weeks to cure can now be ended in a few days. If you have varicose veins or bunches you can start today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moone's Emerald Oil at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

People who want to reduce varicose veins, or to get rid of runnings sores, ulcers, or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you.—All Druggists sell lots of it.

FEELING LOTS BETTER NOW

Writes Ethel May Snider Who Used Lydia E. Pinkham's Vegetable Compound

Hartford City, Ind.—Doing housework and taking care of a sick woman proved to be too much for Ethel May Snider, R. R. 1 of Hartford City, until she started taking Lydia E. Pinkham's Vegetable Compound.

Overwork had so undermined her health that she had to give up all outside work, and when she saw this medicine advertised in the "Star" and other papers, she went to druggist and got a bottle of Lydia E. Pinkham's Vegetable Compound. She took it regularly, was greatly benefited and now feels very much better.

Ethel May Snider's experience is similar to that of thousands of other women in all walks of life, who have sent testimonials to the Lydia E. Pinkham Medicine Company of Lynn, Mass.

Among those who praise the Compound are young girls who have been enabled to attend school regularly—working girls who have gained strength and endurance so necessary to them, housewives and mothers who have found that the tonic effect of the Compound has enabled them to perform their daily tasks more easily.
